

## **COVID UPDATED INFORMATION**

**CURRENT HEALTH AND HYGIENE STANDARDS.** We take great pride in maintaining high standards of cleanliness and hygiene. Given the effects of COVID-19, we have taken additional measures in our retreat today, developed in consideration of the global and local public health authorities (including the WHO and CDC), to make our cleaning and hygiene protocols even more rigorous: Health and Hygiene Procedures: • Our team is receiving ongoing briefings and enhanced operating protocols. • We have increased the frequency of cleaning our public areas (including lobbies, elevators, door handles, public bathrooms, etc.) and have continued the use of commercial -grade disinfectant. • We have increased the deployment of hand sanitizers. • We are monitoring all activities to ensure the safety of our members and provide maximum flexibility.

**HEALTH PROTOCOLS:** • We have focused our attention on enhancing routine cleaning in preparation, with more proactive and preventative measures in place. We remain committed to upholding high standards of cleanliness and have taken an extra level of sanitary precautions so you can feel at ease during your visit or stay. • Disinfectant stations are located throughout the common areas. • Common area touchpoints such as doorknobs, light switches, stair rails, etc. are being wiped down several times per day with disinfecting wipes.

### **ENTRY PROCEDURES**

Everyone will have his/her temperature taken prior to entry.

**If you can say yes to any of these questions, please stay home:**

Are you experiencing any COVID symptoms (fever, headache, sore throat etc.)?

Have you been exposed to a known COVID case or living with anyone who has been asked to quarantine within the past 14 days?

Have you travelled outside of the US in the past 14 days?
